City of Crowley, Texas City Council Agenda Report

Presenter: Rachel Roberts	Meeting Date: May 7, 2026
Department: Community Development	Agenda Item: IV.1.
Subject: Hold a public hearing, discuss, and consider approval of Ordinance # 05-2026-594 amending portions of city code Chapter 106, "Zoning", Article 5, "Use Regulations," to amend regulations for accessory buildings, including permitted size and number. Case # ZCA-2026-001	

Background:

City staff have received multiple requests for accessory buildings larger than allowed by code. These requests come mainly from residents living on large (1 acre or more) lots. Staff recently held a work session with the Planning & Zoning Commission to discuss whether the Commission would support allowing larger accessory buildings on acreage properties, since the concerns that drive the size restrictions are usually not a problem on these larger lots. The Commission was supportive of the idea. Staff also recommend clarifying accessory building regulations for commercial buildings.

Staff review

Residential Accessory Buildings

The changes would allow residential accessory buildings to be up to 50 percent of the gross floor area of the primary structure on properties that are at least one acre in size. The ordinance also clarifies that the size is calculated based on the gross floor area of both the house and the accessory building, which includes all unenclosed areas under a roof, but not including pergolas or wall-attached canopies and awnings.

Non-Residential (Commercial, Industrial, and Multifamily) Accessory Buildings

The ordinance clarifies that, unlike in single-family residential districts, there is no limit on the number of accessory buildings for non-residential uses. Non-residential uses commonly have more than one accessory structure. For example, multifamily uses tend to have a leasing office and/or clubhouse building, carports, and/or a covered mailroom, fitness center, or storage building for maintenance. Industrial uses may have a primary building along with multiple structures used for storage or auxiliary manufacturing or processing. The ordinance notes that while there is no limit on the number of accessory buildings, the buildings are still subject to the maximum lot coverage requirements of the zoning district.

The ordinance also notes that there is no maximum size of accessory buildings for nonresidential uses, but the buildings must be clearly subordinate to the primary structure and cannot exceed the height of the primary structure.

RECOMMENDATION FROM THE PLANNING & ZONING COMMISSION

The Planning and Zoning Commission considered this code amendment during its meeting on April 27. After holding a public hearing, the Commission voted to recommend approval. No one spoke at the public hearing.

ACTION BY THE CITY COUNCIL

Subject: Discuss the 2026 rate increase proposed by Waste Connections for solid waste services under the current contract and consider adoption of Ordinance No. 05-2026-592, an ordinance of the City Council of the City of Crowley, Texas, amending solid waste rate fees in Appendix A (Schedule of Rates, Fees, and Charges) of the Code of Ordinances; providing that this ordinance shall be cumulative of all ordinances; providing a severability clause; providing a savings clause; providing for publication; and providing an effective date.	

Background:

RE: Price Adjustment based on Consumer Price Index (CPI) for All-Urban Consumers

Series Id CUURS37ASAO, CUUSS37ASAO

Dear Honorable Mayor and Members of Council,

Waste Connections would like to sincerely thank you for the great opportunity we have had to serve the community of the City of Crowley.

Each year we evaluate the cost per our contract with the city. This year the CPI-U (All urban consumer price index) for Dallas Fort Worth not seasonally adjusted is -0.35%, for a net decrease to the custom of (.35%).

In addition to the CPI, we are also requesting to pass through an increase in operational expenses related to disposal costs and fees. Crowley portion of this increase is 1.43%.

Considering these 2 factors, CPI-U and Operational Expenses, the customer will see an increase in all rates of 1.08%. On the main line residential services, as rates will increase from \$15.76 to \$15.93. This adjustment will take effect for the May 1,2026 billing cycle.

Should you have any questions or concerns regarding this CPI and Operational adjustment, or anything else, please feel free to reach out. My cell phone number is 602.541.1767.

Consumption of alcohol without the presence of an officer or a violation of the provision of the City Ordinances will result in forfeiture of the rental deposit.

The Texas Alcoholic Beverage Commission (TABC) requires specific and specialized permits for selling/serving alcohol. These permits will be based on the parameters and scope of the desired service and the type of event. Due to the numerous scenarios that may be involved in your event, it is impossible to outline the requirements in this application. **It is your responsibility** to contact the TABC office and speak to an Agent who will be the entity for permission and, if approved, provide the exact permit(s) required.

Permission by the City to hold a Special Event does not guarantee permission from TABC to serve/sell alcohol. Your event may be approved by the City but the service and selling of alcohol is the domain of the TABC and may be denied at their discretion.

Permission by the TABC to serve/sell alcohol at a Special Event does not guarantee permission of the City.

Will alcohol be provided free of charge? Yes No

To be considered "free," there cannot be an expectation of receiving money. You cannot charge for admission, ask for donations or accept tips. Doing so would constitute a sale of alcohol and would require a Texas Alcohol Beverage Commission and City Permit.

Will you be charging an entrance or registration fee? Yes No

Will the alcohol be sold? Yes No

If you answered Yes, a Texas Alcohol Beverage Commission and City Permit will be required.
